

**NATIONAL
TEACH AG
DAY!
SEPTEMBER 21, 2023**

CELEBRATION IDEAS

COMPILED BY THE NEW JERSEY STATE TEACH AG RESULTS (STAR) PROGRAM

#NJTEACHAGDAY23

What is National Teach Ag Day?

National Teach Ag Day is designed to encourage others to teach school-based agriculture and recognize the important role that agriculture teachers play in our schools and communities.

Who is it for?

National Teach Ag Day is for anyone who wants to celebrate school-based agricultural education, share the story of agricultural education's importance and effectiveness in the United States, and encourage students to consider careers as agricultural educators. Anyone who wants to participate can find a variety of resources to help them talk about agricultural education at www.naae.org/teachag.

What Happens on National Teach Ag Day?

Agricultural Educators and agricultural education advocates will engage in a variety of activities to celebrate and promote the career of agricultural education. These activities may include capitol rallies, special lessons, community activities, and more. The Teach Ag website is a clearinghouse of resources to help teachers and advocates, and free resources found there include a video, suggested teaching activities, games, and giveaway items.

Who is Responsible for Teach Ag Day?

National Teach Ag Day is a part of the National Association of Agricultural Educator's National Teach Ag Campaign and is sponsored by the CHS Foundation and BASF.

What is the State Teach Ag Results (STAR) Program?

The STAR program is designed to assist states in creating sustainable and effective recruitment and retention plans. Since 2016, the New Jersey STAR Program has hosted events, provided promotional materials and participated in outreach opportunities to recruit and retain agriculture teachers. In 2023, the New Jersey STAR Program's initiatives include recruitment, retention, mentoring program, and preservice support.

IDEAS FOR TEACHERS

Participate in the Live Virtual Celebration

The National Teach Ag Day webcast will take place on **Thursday, September 21 beginning at 1:00 PM EDT** live from the Sabin-Schellenberg Professional Technical Center in Milwaukie, Oregon. The webcast will feature special appearances by leaders in agricultural education, current and future agriculture teachers, with a variety of features and engaging discussion throughout the day to celebrate the positive and vast impact agriculture teachers make in and out of their classrooms and encourage others to consider a career teaching agriculture.

NAAE National #TeachAg Day is designed to encourage others to teach school-based agriculture and recognize the important role that agriculture teachers play in our schools and communities.

NAAE National #TeachAg Day is for anyone who wants to celebrate school-based agricultural education, share the story of agricultural education's importance and effectiveness in the United States, and encourage students to consider careers as school-based agriculture teachers.

NAAE National #TeachAg Day is an initiative of the National Association of Agricultural Educators as part of the National Teach Ag Campaign. Funding support for NAAE National #TeachAg Day is made possible by the CHS Foundation and BASF.

In addition to viewing the live webcast and social media spotlights, the National Teach Ag Campaign would like to invite everyone to celebrate and recognize all of the achievements of agriculture teachers across the nation and share it on social media using the hashtag #TeachAg.

To log on to the live webcast, or for resources to help you plan your local Teach Ag Day celebration, visit <https://www.naae.org/teachag/webcast.cfm>
