# New Jersey Quality Program Standards For Secondary (Grades 9-12) Agricultural Education

A Project By The National Council for Agricultural Education

Endorsed by the New Jersey Agricultural Education Advisory Council and the New Jersey Association of Agricultural Educators

September 2009

# INTRODUCTION

The National Quality Program Standards for Secondary (Grades 9-12) Agricultural Education are a result of a need to provide a consistent delivery of high quality agricultural education programs across the nation focused on relevant instruction, rigorous clear goals, continuous program improvement and the development of essential skills for student success. Input from local, state and national leaders was sought and obtained regarding the qualities of highly successful agricultural education programs.

The National Quality Program Standards for Secondary (Grades 9-12) Agricultural Education are designed to be used by the local teacher(s), administration, community partners and/or stakeholders, advisory committees, FFA Alumni and/or an external assessment team to conduct an evaluation of the local agricultural education program and develop clear goals and objectives for program improvement.

Each standard or standard statement is followed by a series of quality indicators/questions which further define or assess the standard or standard statement. The sum of the indicators scores serve as a ranking and determine if the standard or standard statement has been met. The sum of the indicator scores must reach the identified criteria score for meeting the standard or standard statement.

Local Program Success materials found in the National FFA Local Program Resource Guide may provide additional tools, resources and information to help agricultural education programs meet the standards and standard statements in this document.

#### **DEFINITIONS:**

<u>Standard or Standard Statement</u> - A descriptive statement established and used as a model of quantitative characteristics for the development, management and assessment of secondary (Grades 9-12) Agricultural Education programs.

<u>Quality Indicator</u> – A measurement used to further define or measure the standard or standard statement.

#### **DIRECTIONS:**

Reviewers should strive to rate the quality indicator based upon the level of criteria met.

The rating scale indicates the following:

Exemplary = 4 Promising = 3 Improving = 2 Struggling = 1 Non-Existent = 0

A Glossary and Definition of Terms is located in the back of this document.

## **Supporting Organizations**

The following organizations have reviewed the standards and quality indicators in this document and support it use for assessment of Secondary (Grades 9-12) Agricultural Education Programs.

Agricultural Education Policy Committee of the Association for Career & Technical Education

American Association for Agricultural Education (AAAE)

National Association of Agricultural Educators (NAAE)

National Association of Supervisors of Agricultural Education (NASAE)

National Council for Agricultural Education

National FFA Alumni Association

National FFA Foundation Sponsors Board

Seminis Seeds Division of Monsanto, Inc. - Glenn Stith, Vice President, NA & SA Operations and National FFA Foundation Board Chairman

Cargill, Incorporated - Jerry R. Rose, Corporate Vice President,

Deere & Company - Douglas C. DeVries, Senior Vice President, Agricultural Marketing - North America, Australia & Asia,

Wayne Farms LLC - Elton H. Maddox, President and Chief Executive Officer

Elanco Animal Health - Jeff Simmons, Executive Director North America Sales & Marketing

National FFA Organization Board of Directors

National Farm and Ranch Business Management Education Association. (NFRBMEA)

National Postsecondary Agricultural Student Organization (PAS)

National Young Farmer Educational Association (NYFEA)

## NATIONAL QUALITY PROGRAM STANDARDS FOR SECONDARY (GRADES 9-12) AGRICULTURAL EDUCATION

#### **Standard 1: Program Design and Instruction**

<u>Standard Statement – Curriculum & Program Design</u>: A Standards-based curriculum in Agriculture, Food & Natural Resources Systems is delivered through an integrated model that incorporates classroom and laboratory instruction, experiential learning and student leadership & personal development.

<u>Standard Statement - Instruction</u>: Programs promote academic achievement and skill development of all students through year-round instruction.

<u>Standard Statement - Facilities & Equipment:</u> The facilities and equipment support implementation of the program and curriculum by providing all students opportunities for the development and application of knowledge and skills.

<u>Standard Statement – Assessment:</u> Programs utilize multiple methods to assess student learning that illustrates academic achievement and skill development.

#### **Standard 2: Experiential Learning**

<u>Standard Statement</u>: Education is enhanced through active participation by all students in a yearround experiential learning program.

#### Standard 3: Leadership Development

<u>Standard Statement</u>: All students participate in year-round intra-curricular agricultural student organization programs and activities.

#### **Standard 4: School and Community Partnerships**

<u>Standard Statement</u>: School and community partners are engaged in developing and supporting a quality program.

#### Standard 5: Marketing

<u>Standard Statement</u>: Key stakeholders are continually asked, involved, recognized and informed about all components of the integrated program.

#### Standard 6: Certified Agriculture Teachers and Professional Growth

<u>Standard Statement</u>: Competent and technically certified agriculture teachers provide the core of the program.

#### Standard 7: Program Planning and Evaluation

**<u>Standard Statement:</u>** A system of needs assessment and evaluation provides information necessary for continual program development and improvement.

## INTRODUCTION

Include a brief description of the agricultural education program, number of students served, enrollment, number of teachers and any unique information about the program.

## STRENGTHS

Summarize below the major strengths of the agricultural education program. Include outstanding accomplishments of students, teachers and the FFA Chapter.

#### **Standard 1: Program Design and Instruction**

<u>Standard Statement – Curriculum & Program Design</u>: A Standards-based curriculum in Agriculture, Food & Natural Resources Systems is delivered through an integrated model that incorporates classroom and laboratory instruction, experiential learning and student leadership & personal development.

#### **Definitions**

May be found in the glossary of terms located near the back of the document.

#### **Quality Indicators**

 The curriculum includes: 1.) course names & descriptions; 2.) course objectives/ competencies; 3.) course sequences, 4.) course prerequisites and 5.) staffing assignments for all courses.

	EXEMPLARY	PROMISING	IMPROVING	STRUGGLING	NON-EXISTENT

The score for Standard 1: Program Design and Instruction Standard Statement: Curriculum & Program Design must be 22 or above to meet this standard.

MET \_\_\_\_\_

NOT MET \_\_\_\_\_

#### **Standard 1: Program Design and Instruction**

<u>Standard Statement - Instruction</u>: Programs promote academic achievement and skill development of all students through year-round instruction.

#### **Definitions**

May be found in the glossary of terms located near the back of the document.

#### **Quality Indicators:**

1. Year-round instruction is balanced between classroom & laboratory instruction, experiential learning (SAE), and leadership & personal development (FFA).

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
A well-planned, balance exists between the classroom & laboratory instruction, experiential learning (SAE), and leadership & personal development (FFA). The balance is documented, and resulted from collaboration with stake holders and state requirements.	Evidence exists that an attempt has been made to balance the classroom & laboratory instruction, experiential learning (SAE), and leadership & personal development (FFA), utilizing input from state staff, local administrators, and a local advisory committee. The curriculum appears to be dominated by 1 or more of the 3 components.	While one component of the curriculum is clearly dominating the instruction, the instructor(s) has a plan for bringing the deficient areas into balance. The instructor(s) is relying on assistance from state staff, local administrators, advisory committees, and other resources and has documented this in writing.	One component of the classroom & laboratory instruction, experiential learning (SAE), and leadership & personal development areas obviously dominates the curriculum, while others are minimally addressed or ignored altogether.	No balance is visible between classroom & laboratory instruction, experiential learning (SAE) and leadership and personal development (FFA).	
Evidence, Comment	& Suggestions:

### Standard 6: Certified Agriculture Teachers and Professional Growth

<u>Standard Statement</u>: Competent and technically certified agriculture teachers provide the core of the program.

#### **Definitions**

May be found in the glossary of terms located near the back of the document.

### **Quality Indicators**

1. Each teacher is state certified to teach agriculture.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
Teacher(s) has an advanced degree in agricultural education from an accredited college or university and is certified above the basic state level.	Teacher(s) has a bachelor's degree and is certified within the state to teach agricultural education.	Teacher(s) holds a degree an accredited college or university and is provisionally state certified in agricultural education with a written professional development plan in place for full certification.	Teacher(s) is a lateral entry teacher in agricultural education with provisional or temporary state certification in agricultural education.	Teacher(s) does not hold a certificate for teaching agricultural education.	
Evidence, Comment	& Suggestions:				

### Standard 6: Certified Agriculture Teachers and Professional Growth (continued)

2. The agriculture teacher(s) is/are employed year-round to supervise student instruction and manage the agricultural education program.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
The agriculture teacher is employed 12 months, year round with adequate funds for supervision and management of the program.	The agriculture teacher is employed more than 11 months of the year with adequate funds for supervision and management of the program.	The agriculture teacher is employed with extended employment beyond the regular school operating months with employment less than 11 months of the year.	The agriculture teacher is employed only during the regular school operating months.	The agriculture teacher is only a substitute or part-time teacher.	
Evidence, Comment	& Suggestions:				

3. The FFA advisor(s) is a/are certified agriculture teacher(s).

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
FFA advisor(s) is/are a fully state certified agriculture teacher.				FFA advisor(s) is/are not on the staff.	
Evidence, Comment	& Suggestions:				

### Standard 6: Certified Agriculture Teachers and Professional Growth (continued)

4. All agriculture teachers in the secondary agricultural education program serve as FFA advisors.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
All teachers in an agricultural education program work cooperatively and serve as FFA advisor(s) with specific duties.			Only one teacher, in a multi-teacher agricultural education program serves as the FFA advisor.	No agricultural education teacher serves as FFA advisor(s).	
Evidence, Comment	& Suggestions:				

5. All agriculture teachers have a professional growth plan.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
Teacher has a written professional growth plan that is approved/ signed by the school administration, kept on file and reviewed periodically during the year with the administration.	Teacher has a written professional growth plan that is approved/ signed by the school administration, kept on file.	Teacher has a written professional growth plan on file.	Teacher does not have a formal professional growth plan.	No evidence of a teacher's professional growth plan.	
Evidence, Comment	& Suggestions:				

### Standard 6: Certified Agriculture Teachers and Professional Growth (continued)

6. Teacher has continued professional growth through college credit courses, participation in professional development and/or other sources of training.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
Teacher holds an advanced degree, actively participates in workshops and other sources of technical training and is working towards National Board Teacher credentials, NBPT.	Teacher is working toward an advanced degree or has received an advanced degree and actively participates in workshops and other sources of professional and technical training.	Teacher actively participates in professional workshops or classes related to teaching area.	Teacher participates randomly in professional workshops with no evidence of regular or focused professional growth activities.	No evidence in participation in structured professional growth and development activities.	
Evidence, Comment	& Suggestions:				

7. Teacher is an active member in related state and national professional education associations.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
Member of and holds leadership position in professional organizations at and/or above state level.	Member of professional organizations and participates in functions at and /or above state level.	Member of and participates in annual the state professional organizations functions.	Non-member of the professional organizations, but participates in some professional function(s).	No member or active participation.	
Evidence, Comment			Tunction(S).		

### Standard 6: Certified Agriculture Teachers and Professional Growth (continued)

8. Teacher cooperates in fostering the professional development of pre-service and beginning teachers.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
Teacher serves as an early experience model for those considering the teaching profession, serves as a mentor for beginning teachers and meets the criteria to serve as cooperating site for student teaching.	Provides an early experience model for those considering the teaching profession or participates in mentoring activities for new/returning teachers of agriculture.	Teacher is available to new teachers as a mentor or for mentoring activities.	Teacher has attended workshops or training on mentoring.	No evidence of assisting to new or returning teachers or participation in pre-service training.	
Evidence, Comment	& Suggestions:				

9. Teachers exhibit a positive professional attitude and promote the profession as a career opportunity.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE		
Teacher(s) is an advocate and spokesperson for a career in teaching agricultural education. Teacher(s) have former students who have become teachers.	Teacher(s) is an advocate at state levels with elected and government officials with impact agricultural education as a profession and a career.	Instructor(s) is a spokesperson for issues in the community which impact agricultural education.	Evidence of contact with community and local leaders.	No evidence of the promotion of the profession as a career opportunity.			
Evidence, Comment	Evidence, Comment & Suggestions:						

### Standard 6: Certified Agriculture Teachers and Professional Growth (continued)

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
Within the last 3 years the teacher has, organized and presented a professional organization workshop, or authored a submission to a refereed professional publication, taken leadership role in updating or adding innovative resources to curriculum and/or conducted formal research.	Within the last 5 years the teacher has organized and presented a professional organization workshop, or authored a submission to a refereed professional publication and/or taken leadership role in updating or adding innovative resources to curriculum.	Within the last 5 years the teacher has organized and presented a professional organization workshop or taken leadership role in updating or adding innovative resources to curriculum.	Teacher has attended a limited number of technical/knowle dge meetings, with no evidence of presentations or authoring responsibilities.	No participation in any effort that contributes knowledge to the profession.	
Evidence, Comment	& Suggestions:				

10. Teacher contributes to the technical and pedagogical knowledge base of the profession.

### Standard 6: Certified Agriculture Teachers and Professional Growth (continued)

#### **Standard 7: Program Planning and Evaluation**

<u>Standard Statement</u>: A system of needs assessment and evaluation provides information necessary for continual program development and improvement.

#### **Definitions**

May be found in the glossary of terms located near the back of the document.

#### **Quality Indicators**

1. Information on local, state and national performance measures are collected for program improvement and enhanced student learning.

(Recommended local performance data elements that can be collected for use in program improvement includes (1) Student performance on local assessments, (2) Student demographics (gender, race, Perkins), (3) Student enrollment, and (4) Student retention.)

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
All recommended performance data elements have been compiled. Three-year trend data has been complied.	All recommended performance data elements have been compiled. Significant effort to compile trend data is being made.	Some but not all performance data measures has been compiled. Little to no trend data exists.	Some data records exist but little effort made to compile into useable form.	No performance data collected.	
Evidence, Comment	& Suggestions:				

#### Standard 7: Program Planning and Evaluation (continued)

2. Information is collected from community partners relative to their expectations and current assessment of program quality and the success of students.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE				
Information is collected and compiled on an annual basis from all community stakeholder groups.	Information is collected from most community stakeholder groups and is compiled at least every three years.	Information is collected but little effort made to compile into useable form.	The collection of pertinent data is in process.	No information is collected.					
Evidence, Comment	Evidence, Comment & Suggestions:								

3. A formal annual program evaluation based on local performance information, state performance measures, and input from community stakeholder groups is conducted.

(Performance data relative to state and federal performance measures include (1) Testing of technical knowledge and skills, (2) Follow-up Placement, (3) Graduation rate, and (4) Attendance.)

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON- EXISTENT 0	INDICATOR SCORE
A program evaluation is developed with significant stakeholder involvement. Based on evaluation recommendations, a continuous improvement plan has been developed.	A program evaluation, using all recommended performance data, is conducted every three years with involvement of community stakeholders. Evidence of program improvement based on recommendations.	An analysis of data and observations are conducted on an irregular basis with observations and recommendations recorded. Little evidence of use for program improvement.	An analysis is conducted with informal observations and recommendations made.	No program evaluation is conducted.	
Evidence, Comment &	Suggestions:				

### Standard 7: Program Planning and Evaluation (continued)

4. The program uses an advisory committee, authorized by the local board of education, with established criteria for membership.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
The program uses a highly structured advisory committee authorized by the School Board that consists of business, postsecondary and other representatives that are influential community members.	The program uses a School Board authorized advisory committee with defined membership and operational structure.	The program uses a School Board authorized advisory committee but lacks protocol and a defined membership.	Advisory committee exists but lacks School Board authorization and membership criteria.	No evidence of functioning advisory committee	
Evidence, Comment	& Suggestions:				

5. The agriculture program advisory committee is reflective of the agricultural populations and local community.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
Advisory committee members are active. Membership is reflective of current and emerging local and state industry. Membership is balanced between industry representatives and educators.	Advisory committee membership reflects current local and state industry as well as a balance between industry and educators.	Advisory committee reflects industry and education representation.	Imbalance of industry and educators on committee.	No advisory committee exists or is inactive.	
Evidence, Comment	& Suggestions:				

### Standard 7: Program Planning and Evaluation (continued)

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
Advisory committee meets regularly (at least twice a year), records and maintains minutes of the meetings and reports to Board of Education. Meetings used for program evaluation, planning and growth.	The advisory committee meets regularly and maintains minutes of the meetings.	The advisory committee meets annually, and records discussion on general program operations.	Advisory committee meets to discuss special topics. Does not hold regular meetings or keep minutes of the meetings.	No advisory committee exists OR is inactive.	
Evidence, Comment	& Suggestions:				

6. The advisory committee meets regularly and maintains minutes of each meeting.

7. Advisory committee assists with all aspects of program operations including an evaluation, promotion, planning, instruction, and assessment of student learning.

EXEMPLARY	PROMISING	IMPROVING	STRUGGLING	NON-EXISTENT	INDICATOR
4	3	2	1	0	SCORE
Advisory committee assists with all aspects of the program including an evaluation, promotion, planning, instruction, and assessment of student learning.	The advisory committee meets regularly and reviews and provides feedback relative to most all program operations.	The advisory committee meets annually, and discusses general program operations.	Advisory committee exists, but no evidence of participation in program operations.	No advisory committee exists OR is inactive	

### Standard 7: Program Planning and Evaluation (continued)

8. Follow-up data is collected and maintained on all agriculture program graduates.

EXEMPLARY 4	PROMISING 3	IMPROVING 2	STRUGGLING 1	NON-EXISTENT 0	INDICATOR SCORE
Graduate data is collected regularly, maintained and used for program growth and development.	Data is collected and accessible.	Data is collected inconsistently.	Some information is available on graduates.	No follow up data is collected.	
Evidence, Comment	& Suggestions:				

Standard 7: Program Planning and Evaluation (continued)

# SPECIFIC RECOMMENDATIONS FOR IMPROVEMENT

Standard	Recommendations

# **GENERAL SUGGESTIONS FOR IMPROVEMENT**

Standard	Recommendations

# **Glossary and Definition of Terms**

# <u>A</u>

<u>Adequate Resources</u> – Minimum resources required for quality implementation of agricultural education programs as determined the state department of education.

<u>Advanced Audio/Visual and Communication Equipment</u> – Items used to enhance the presentation of instruction. Examples would be Smart boards, ELMO'S, LCD Projectors, and Projecting Microscopes etc.

<u>Advisory Council/Committee</u> – Volunteers who are officially appointed by the governing board of the local education agency or institution. Their purpose is to make recommendations to improve the quality and impact of instruction in agricultural education programs.

<u>Advisory Council/Committee Membership</u> – Representatives of the total school service area typically selected based upon geographical sections of the school district, predominant businesses and industry in the area, including both labor and management, parents of agriculture students, former students, various ages levels, different educational levels, both genders, special needs, racial and ethnic populations within the district.

<u>Agricultural Student Organization</u> – Agricultural career based organization that supports the development of students enrolled in systematic instruction leading to preparedness for an agricultural career – includes (but not necessarily limited to) the National FFA Organization, postsecondary Agricultural Students and National Young Farmers Education Association

<u>Authentic Assessments</u> – Assessments based on real-life experiences or skills using prior information and knowledge to solve realistic or authentic problems requiring students to use higher order thinking skills to consolidate and apply knowledge.

<u>Authentic Student Experience</u> – Application and sharing of real-life student experiences to facilitate learning.

# <u>B</u>

**Bloom's Taxonomy** – An educationally accepted standardization of levels of learning, types of learning occurs on a continuum and educational programs should offer and transmit to their students, higher and higher orders of learning as the student progresses. Levels include from lowest to highest, knowledge, comprehension, application, analysis, synthesis and evaluation.

### <u>C</u>

<u>**Career Clusters**</u> –Groups of similar occupations and industries developed by the U.S. Department of Education as a way to organize career planning.

<u>Career Pathways</u> – Broad groupings of careers that share similar characteristics and whose employment requirements call for many common interests, strengths and competencies.

<u>Certified Agriculture Teacher</u> – Teacher meeting all qualifications for the agricultural education licensure(s) in the state for which they are or intend to be teaching.

**<u>Challenging Curriculum</u>** – A results orientated curriculum that identifies specific learner outcomes that requires significant &/or special effort by the learner.

### <u>E</u>

**Experiential Learning** – Learning through experiences based outside the classroom in the world of work, the community and/or school based laboratories, etc.

### <u>H</u>

<u>**Higher Order Thinking Skills**</u> – The higher levels of thought and learning identified on Bloom's taxonomy above the knowledge level. (See Bloom's taxonomy.)

### Ī

**Industry Validated** – The industry has confirmed by examination and provision of objective evidence that the particular requirements for a specific intended use have been met.

<u>Instructional Facilities</u> – The school based facilities used and/or necessary for learning to occur.

**Instructional Material** – Items that are designed to serve as a major tool for assisting in the instruction of a subject or course. These items may be available in bound, unbound, kit or package form and may consist of hard-backed or soft-backed textbooks, consumables, learning laboratories, videos, DVD's, recordings, manipulative, electronic media (instructional computer programs, online services, laser discs, CD-ROM, etc.) and other commonly accepted instructional tools.

**Intra-curricular** – Inseparable, non-elective practice or method of an educational program taught within the current curriculum.

### N

**Non-biased** – Refusal to use life experiences, gender, race, religion, disability and/or circumstances in decision making or selection.

4/29/09

### <u>P</u>

Pedagogical -- The art, practice or science of teaching.

<u>**Performance Data**</u> – The sum or record of student assessment over time. (i.e. pre & post testing, or the measure of student progress over time.)

**<u>Performance Measures</u>** – Ways to objectively measure the degree of success a program has had in achieving its stated objectives, goals, and planned program activities.

### <u>Q</u>

<u>Quality Indicators</u> – Programmatic bases for measuring and/or determining the quality of a program

### <u>S</u>

<u>Sequences of Courses</u> – Identified pathways of courses which are ordered so as to provide transition preparing a student for success in the world of work or further education

<u>Stakeholders</u> – Anyone who benefits from the products of quality agricultural education programs (business, industry, taxpayers, parents, students, school personnel and administration that has a vested interest in the program.

<u>Supervised Agricultural Experience (SAE)</u> – All practical agricultural activities of educational value conducted by students outside of the regular class or laboratory instructional time for which systematic instruction and supervision are provided by the teacher, parent, employer and others. The activities may include entrepreneurial, exploratory, placement, research/experimental, analytical or directed laboratory experiences.

**Supervising Records** – Records kept of interactivity and assessment for teachers supervising the experiential learning activities of the students within their charge.

### Τ

<u>**Teaching Calendar**</u> – The identification of the instructional units and lessons to be taught along with a days devoted to instruction per unit and the order in which the units and lessons will be taught over the period of a school year.

<u>Y</u>

<u>Year Round Instructional Activities</u> – Activities that occur or are scheduled throughout the calendar year, including summers, that involve education, recreational, SAE, and leadership & personal development instruction.
