### FFA FLORAL DESIGN CAREER DEVELOPMENT EVENT

Friday, March 12, 2021

10:00 am – 12:00 pm

Virtual via BloomyPro

#### **Floral Design Registration Information:**

Registration for the Floral Design Career Development Event is included at the bottom of the registration form for the New Jersey FFA Horticultural Exposition. The registration cost is \$3.50 per participant (non-refundable), unless the chapter is Gold Affiliated (then the fee is waived).

#### **General Rules:**

1. A team of four students per chapter may compete in the State FFA Floral Design Career Development Event. The event will consist of creating two floral arrangements. Each team member will complete their own floral arrangement for each part of the event. A member's individual score will be determined by adding the two floral arrangement scores received together. The top three individual scores will be combined to determine the chapter team score.
2. Contestants will utilize BloomyPro and Google Classroom for this event. Students will design their floral arrangements in BloomyPro and then submit the links to their designs via Google Classroom (**Class Code: eh3nnut**). Chapters are encouraged to utilize the free trial available through BloomyPro to allow their students the opportunity to test out the platform. The submission Google Forms are available for teachers and students to view prior to competing.
3. Each contestant will be assigned an identification number. These numbers will be assigned and sent with the BloomyPro log in information. Contestants will be responsible for labeling their score sheet for each arrangement with their assigned identification number, contestant name, and chapter name.
3. Computers with internet access will be needed for each competitor in each event. **Access to technology**– If a student does not have access to a computer and internet, please notify the Office of Food, Agriculture & Natural Resources Education immediately. Alternative testing methods will be explored with the school.
4. A proctor will be needed. This person cannot be someone training and/or working with team members. You are encouraged to reach out to guidance counselors or school administrators. If schools are not back in session, a parent or guardian is acceptable. Having them proctor this event will allow you to share with them how agricultural education is on the cutting edge. The OFANRE reserves the right to request students to participate in a Zoom call while competing in order to ensure the integrity of the event. **Proctor instructions and log in information will be emailed to the chapters no later than Monday, March 8, 2021.**

5. **On Friday, March 12, 2021 at from 8:00 AM – 6:00 PM the online event will be active.** Scenarios and material lists will be posted to the Google Classroom at 8:00 AM. The entire team must compete at the same time.
6. Authenticity of Work Certification must be signed by participants and the proctor and submitted to the Office of Food, Agriculture & Natural Resources Education by 8:30 AM on Saturday, March 13. Certification forms can be accessed at <https://www.iotform.com/NJFFA/CDEAuthenticityCertification>.
7. The event shall consist of two parts:
  - Part I: Assigned Arrangement** – Contestants will design a flower arrangement based on an order scenario specified by the Event Coordinator at the start of this event section. A deduction of 30 points will be taken if the completed design is not appropriate for the given scenario.
  - Part II: Design of Choice Floral Arrangement** – Contestants will design an arrangement in the design form of their choice with the arrangement meeting the price range indicated by the Event Coordinator. Contestants must identify the design form they have chosen and list its intended use. Contestants will be required to prepare an Itemized List of Costs for their floral design. A retail flower and hard goods pricing sheet will be made available to students for use in calculating the price of the arrangement within their Google Form. (*See Attachment – Sample Retail Price Sheet*) This pricing sheet will reflect current retail prices for the floral and hard goods materials. Students will need to add 20% for the cost of labor and 7% sales tax to their pricing.
7. All floral materials, foliage and hard goods to be utilized will be specified by the Event Coordinator. Students utilizing materials outside of the supply list will be disqualified.
8. Two competent judges from the florist industry shall judge each section of the event. One group of two judges will evaluate the Assigned Arrangement and a separate group of two judges will evaluate the Design of Choice Arrangement.
9. Members of the first place team may not compete in the event again.
10. A banner will be presented to the chapter with the highest score. Certificates of recognition will be presented to the five highest individuals in the assigned (practicum) event.
